

BALANCED PORTFOLIO

31st DECEMBER 2017

OBJECTIVE

This active Focus portfolio has a lower minimum investment and carries a lower cost than our Premier portfolios, investing in just the core holdings from our Premier Balanced portfolio. It comprises of investment vehicles including unit trusts, mutual funds and exchange traded funds (ETFs), whose managers aim to outperform their respective markets. Asset classes could may find in this portfolio are government bonds, corporate bonds, alternatives and cash. Absolute return, property and commodities may all feature within the alternatives classification.

Focus Balanced seeks to generate capital growth over the medium to longer term, with the aim of riding out short term fluctuations in value. The portfolio will have a more balanced approach to equity exposure compared to Focus Growth - typically comprising of 50% equity and 50% non-equity - though weightings may deviate within set parameters, allowing managers to react to market conditions.
